

Dear Student,

I regret to inform you that the Power Systems Institute has cancelled its sponsorship of the Electric Utility program at RACC for the fall of 2011. As you may have noticed from the college catalog, this is a joint program sponsored by both RACC and FirstEnergy Corporation. It is our understanding that the impact of the slow economy on FirstEnergy resulted in their decision to withdraw sponsorship this fall. Unfortunately, it is not clear at this time if they are going sponsor future classes.

If you would like to explore other educational options at RACC, please contact Maria Mitchel at 610-372-4721, ext. 5298. Again, I regret that we will be unable to offer core classes in the program in the fall or in the foreseeable future. Should circumstances change, we will contact you immediately. Thank you for your understanding.

Dr. Wade Davenport
