## Program Narrative:

The Associate Degree Nursing Program prepares students for entry level nursing practice in any setting, and to take the NCLEX-RN examination. Courses in Nursing are enhanced with simulation and instructor guided clinical experiences in a variety of medical-surgical, and specialty practice settings. As an ACEN accredited nursing program, RACC graduates who are granted Pennsylvania RN Licensure are eligible for entry into all RN-BSN programs. Academic progression is encouraged and supported by RACC articulation agreements.

What You Will Learn:

- Nursing process applied throughout the health illness continuum
- Chronic, acute and critical care concepts across the lifespan
- Multiple clinical nursing skills
- Professionalism, leadership and communication

## Program Entry Requirements:

$\square \quad$ Complete BIO250, MAT130, CSS103
$\square$ A minimum grade of a " $C$ " is required for these courses as well as a required combined Math/Science (MAT130 Math for Allied Health and BIO250- Anatomy and Physiology I) GPA of at least 2.5
$\square \quad$ Minimum cumulative GPA of 2.5
$\square$ TEAS Exam Completed by March $30^{\text {th }}$
$\square \quad$ Minimum TEAS Exam score for petition to be reviewed: 58.7
$\square$ Documentation of High school Diploma or GED required
$\square \quad$ Apply to the Nursing Program through the MyRACC portal by March 30 ${ }^{\text {th }}$ (See advisor if you need petitioning form instructions)
$\square$ Admission is granted on a selective basis. Student selection is based on a ranked score which includes the combined TEAS score and the combined BIO 250 Anatomy and Physiology I and MAT130 Math for Allied Health GPA

## Advising Notes:

- This program has a selective admissions process
- The Nursing courses (NUR) involve class, lab, clinical, and clinical simulations.
- This program is accredited by the Accreditation Commission for Education in Nursing (ACEN), and approved by the Pennsylvania State Board of Nursing
- A grade of $C+$ is required for successful completion of any NUR course
- All general education courses must be completed with a minimum grade of a " C " and cannot be repeated more than once for any reason. Progression to the next semester in the program is contingent upon passing all required general education and NUR courses in the current semester

## Transfer Information:

Students are encouraged to consider completing a Bachelor of Science Degree in Nursing (BSN) after completing this program in order to expand their professional opportunities. This program does provide a pathway for transfer to a baccalaureate degree completion program. Transfer guides are found in the links below. Students are strongly encouraged to select a transfer institution by the time they complete 30 semester credit hours. Your school of choice should be accredited by either the Accreditation Commission for Education in Nursing (ACEN) or the Commission on Collegiate Nursing Education (CCNE) and approved by the state board of nursing. RACC has several program agreements with local colleges and universities in the area to provide BSN completion. Many of these institutions have flexible evening program hours and complete online offerings.
