

Medical Records & Billing Specialist

The Medical Records & Billing Specialist program at RACC is a great opportunity to build valuable healthcare and administrative skills in a growing field.

The program provides hands-on training in medical coding, billing procedures, health records management, and healthcare technology, preparing students for rewarding careers in hospitals, clinics, physician offices, and other healthcare settings.

With experienced instructors and practical coursework, students gain the knowledge and confidence needed to succeed in this essential healthcare profession.

How long does the program take to complete?

During our **21-week** program, classes are held during the day, M-F, 9AM - 1:30PM, or evenings, M-Th, 5PM - 9PM and includes an internship at a medical facility. Scholarships are available to those who qualify.
