

# RACC to Albright Transfer Guide & Course Equivalencies

Thank you for considering Albright College for your transfer needs. We have designed this *Course by Course Transfer Guide* for your convenience. Each of RACC's transferable courses is listed with the Albright course that is its equivalent, along with any graduation requirement it fulfills. This information will assist you in course selection and will lead to a smoother transition from Reading Area Community College to Albright. Albright College operates on a course unit system, rather than semester hours. All Albright courses are considered equal to all others. Three, four and five credit hour courses at RACC are considered equivalent to one Albright course unit. One and two credit hour courses do not transfer.

## Graduation Requirements

- complete 32 course units, at least 16 of which must be taken at Albright;
- complete the requirements within your major(s); and,
- complete 11-13 General Studies courses.

## General Studies Requirements

**English Compositions** - Two courses are required.

**Foreign Language** - One-to-three courses are required. Native speakers of a foreign language may be exempt.

**Foundations** - The different approaches to knowledge explored through the major disciplinary areas; you'll take one approved course in each of five areas:

1. Natural sciences (biology, chemistry, physics, astronomy, geology)
2. Social sciences (anthropology, sociology, psychology, economics, political science)
3. Quantitative studies (mathematics, statistics in math or the social science disciplines, computer science)
4. Humanities (literature, history, religious studies, philosophy)
5. Fine arts (art, music, theatre)

**Connections** - Two courses focused on different ways of living and relating to the world, in order to develop better social and ethical engagement; at least one with global content and at least one from the humanities. Courses may be drawn from a variety of fields, from history to gender studies, literature, international relations, business, sociology, environmental studies and many others.

1. Connections – Global
2. Connections – Humanities

**Synthesis** – One course taken junior or senior year. Course must be taken at Albright College. It is a General Education's capstone course, which integrates prior learning, connects to your major, and makes the idea and practice of interdisciplinarity a course topic. Past examples include Food and Culture; Women in the Arts; Ecological Psychology; Globalization; Music Law and Ethics; and Japanese Philosophy/Religion and Business.

## Course Equivalency Key

**Under Requirement(s) Fulfilled column:**

**GS – EC** – General Studies English Composition Requirement

**GS – FL** – General Studies Foreign Language Requirement

**GS – FYS** – General Studies First Year Seminar Requirement

**GS Foundations – NS** – General Studies Natural Science Requirement

**GS Foundations – SS** – General Studies Social Science Requirement

**GS Foundations – QR** – General Studies Quantitative Reasoning Requirement

**GS Foundations – HU** – General Studies Humanities Requirement

**GS Foundations – FA** – General Studies Fine Arts Requirement

**Connections – G** – General Studies Global Connections Requirement

**Connections – H** – General Studies Humanities Connections Requirement

**Elective** - This means that the course transfers for course credit but it does not satisfy a general studies requirement or a major requirement.

**Major** – It is noted which courses satisfy requirements in a major

**ACCOUNTING**

Reading Area Community College Course	Albright College Equivalent	Requirement(s) Fulfilled
