PSI BETA CHAPTER

Advisor: Carol Bean-Ritter

The goal of the Psi Beta Chapter at RACC is the professional development of psychology students at two-year colleges through promotion and recognition of excellence in scholarship, leadership, research and community service. Psi Beta means to provide opportunities for club members to become acquainted with and involved with the larger field of psychology. It also serves as a forum for developing one’s perspective about psychology, for building a sense of community, and for identifying with others in the field. Interested students do not have to be psychology majors, but the chapter does require a 3.5 overall GPA and a 3.0 GPA in psychology classes.

STUDENTS ADVOCATING FOR EVERYONE (SAFE)

Advisor: Jodi Greene
Jgreene@racc.edu

By engaging the RACC community through donation collection, SAFE draws attention to issues in our larger local community in order to educate the public. This is put into motion through fundraising events to collect resources coupled with the power of conversations focusing on the issues in our community. These eye-opening acts build an empathetic and engaged community for RACC students and available resources for those in need.
