How to Set up Your Student Email

Access to your student email account is provided through Microsoft Outlook 365. First, you will need to connect your Microsoft account to your myRACC account:

1. Visit racc.edu and click myRACC, at the top of the screen, and then log into your RACC account
2. In the upper righthand corner, click on the red button that says Connect Account:
3. Enter your RACC email address, which is your username@ravens.racc.edu. The password is the same one that you used to log into your myRACC account.
4. Navigate through the prompts on your screen to finish setting up your account. Once you are done, you will be directed back to the myRACC portal.

You only need to do the above steps once. Once your account is set up, every time you log into your RACC account, you’ll see your emails appearing in the upper righthand corner. Any unread messages will have a red dot next to them. To read and respond to your emails, click on the red See All Emails button to open Outlook 365 in a new tab or window.

Questions? Submit a Help Desk ticket by emailing helpdesk@racc.edu, or call 610-372-4721 x5342. Be sure to include your RACC username in your ticket.

How to Add Student Email to Your Phone

If you would prefer to have your student email on your phone, you can download the Outlook 365 app from the App Store or Google Play:
1. Go to the App Store or Google Play, and search for Outlook.
2. Select the Microsoft Outlook App and install it onto your device.
3. Open the app, and tap Add an Email Account.
4. Enter your student email, your username@ravens.racc.edu, and tap Continue.
5. Enter your password, which is the same password that you use to log into your RACC account.

Your student email account will be linked with the Outlook app on your phone, and you’ll be able to use that app to send and recieve messages.

How to Download Microsoft Office

As a RACC student, you also get access to Microsoft Word, PowerPoint, Excel, and OneDrive for free! To activate, visit: https://www.microsoft.com/en-us/education/products/office.

You’ll use your full RACC email address as your username, and the same password you use to log into your RACC account. You can access the online version of Office from and computer or other device by visiting office.com and logging in with your RACC email address and password.

You can also download Office to up to three devices (computer, phone, tablet, etc.). To download Office to your computer, visit office.com, log in with your RACC email address, and then click the red install button to begin the process. To download to your phone or tablet, you can download the apps directly from the App Store or Google Play, and then log in using your RACC email address and password.
How to Access Your Classes

To access your classes, you’ll need to be able to log in to myRACC portal. The Portal is your gateway to all of those RACC systems, including:

Self-Service (for registration and billing),
Microsoft Office 365 (for your email), and
Canvas for your courses.
The first time you log in, you will have to set up your password and security questions. To do this:

1. Visit racc.edu and click myRACC, at the top of the screen.
2. Click on First-Time User, located under the log in button.
3. Enter your username, and click Continue. Your username is your first initial, your last initial, and the last five digits of your student ID number. (e.g. jm12345)
4. Follow the prompts on your screen to set up your password and security questions.

Once you have completed the process, you will be directed to your RACC account and will be given a brief overview of the MyRACC Portal. You will only need to complete the above steps once. Once you’ve set up your password, you will go to racc.edu, click MyRACC, and use the same username and password to access your account and classes.

You will access your classes through a software called Canvas. From your RACC account, click on the Canvas link on the left side of your screen (under Tools/Everyday Tools). You will use Canvas for all your classes, including those that are in person, remote, and online. Once you click the Canvas link, you’ll see all the classes you’re currently registered for.

Click on the title for the course you’d like to view to get started. We would recommend going to the Modules page first, which you can access from the left-hand toolbar. This will show you all of the information provided by your instructor, including course materials and assignment instructions. If your course is listed as remote, Canvas will also contain instructions for how to access your remote class sessions. If you have any questions you can send a message to your instructor using the inbox on the left side of the screen. The Canvas site for your class will be available on the first day of class. You can also view a more detailed tutorial by clicking the Help icon, on the left side of your screen.

PROTECT YOURSELF FROM PHISHING

Phishing emails (pronounced: fishing) are attempts via email to steal your money, or your identity, by persuading you to reveal personal information -- such as credit card numbers, bank information, or passwords -- on websites that appear to be legitimate. Cybercriminals typically pretend to be reputable companies, friends, or acquaintances in a fake message, which contains a link to a phishing website. Some of the most common scams involve job opportunities that offer high compensation for little time worked. These scams often involve buying gift cards and sending the activation codes to the scammer with a promise to be reimbursed. Beware of any opportunity that appears to be too good to be true or that requests that you purchase something. Do not reply to any emailed job offers; the college does not email job offers. To view job offers communicated by RACC, log in to the RACC portal and access Handshake to view job opportunities with verified employers. Such phishing emails should simply be deleted. Responses of any kind should not be made.

Term adjustments (refunds of tuition and fees, contingent on approval) are available to students with extenuating circumstances. The request should include documentation supporting your request and a cover letter explaining the issue. Any request not received timely may result in a denial.
NOTICE OF FINANCIAL RESPONSIBILITY:

In the event I register for classes, I acknowledge my financial responsibility even though I may receive financial aid or other educational assistance to discharge my obligation. I accept this as my obligation and not that of any third party. It will remain my responsibility to ensure any payments made by a third party are made in a timely manner. I understand it is my responsibility to withdraw from my class selections if I decide not to attend. The date of my withdrawal will determine the refund of tuition & fees I will receive as noted below. I agree to pay all costs and charges necessary for the collection of any amount not paid when due, including all attorney’s fees and/or legal fees and court costs. This acknowledgment applies to any current and future enrollments at the College. I also understand that, in accordance with policies of the Board of Trustees, I may be administratively withdrawn from the College and/or forego such benefits as transcripts and diplomas if tuition charges, fees, and any other financial obligations are not fulfilled in an agreed upon manner.

RACC’s refund schedule for tuition & fee charges:
• 100% refund of tuition & fees before class starts.
• 95% refund of tuition & fees before 10% of class time has elapsed.
• 50% refund of tuition & fees before 20% of class time has elapsed.

Financial Aid Recalculation as required under Title IV:
Withdrawal before 60% of the semester has elapsed will result in a recalculation of your financial aid award for the semester.

RACC’s Policy for Communications through e-mail:

I acknowledge RACC will assign an e-mail and this will be the official means of electronically communicating administrative information from the college. Any communications sent through this e-mail are deemed received upon transmission.

Exceptions:
Your instructor may provide the communication method they prefer for their class. RACC may use your personal e-mail, USPS, phone or text messaging for communications to supplement any communication with you.

Student Concerns and Complaints

At Reading Area Community College, we understand that conflicts or situations arise that may require intervention. For this process to work well, it is important that every effort is made to resolve the issue of conflict in a fair and timely manner.

The college defines an informal resolution of a student complaint as a mutually satisfactory agreement between the unit, program, department, individual or office where the incident is alleged to have occurred, and the complainant. Based on the successful conclusion of the matter on the part of both parties, no further action is warranted, and the matter is considered closed by both the complainant and the unit, program, department, individual or office of the university involved.

If an issue arises for you, the following steps in an informal solution are as follows:

The student should first arrange a meeting with the faculty, administrator or staff involved to resolve the issue in an appropriate, equitable and respectful manner. If the issue is not resolved in a mutually satisfactory manner, the meeting may be followed up with the faculty, administrator or staff’s direct supervisor. If the issue is still not resolved in a mutually agreeable manner, then the college offers a formal resolution process for you the student to follow as described in this procedure.

If you think that you have been involved in a situation that cannot be resolved in an informal manner and requires a formal intervention, please use the following link: https://cm.maxient.com/reportingform.php?ReadingAreaCC&layout_id=7 which is located in the RACC student portal under “Grievance Procedure”.

Reading Area Community College has adopted a policy to uphold the provisions of the Family Educational Rights and Privacy Act of 1974. This federal law guarantees the confidentiality of students’ education records, establishes the right of students to inspect and review their records, and provides for the hearing of complaints pertaining to alleged, inaccurate or misleading information in the education records.
